RED CROSS

Rockcastle goes over \$5,100 in
the Red Cross, with only a quota
of \$2,500.

Since all reports are not in, can
not give exact figures. List of
contributors as far as we have
been able to get, then appear
below.

State goes over \$2,000,000 and
in the nation expected to reach
\$150,000,000.

The name of every person who
has contributed in this campaign
will be published in this paper be-
fore we quit. The people want
to know who is helping and who
is not.

The list for this week is as fol-
lows:

Kaiser Telephones the Devil.

The Kaiser called the Devil up
On the telephone one day;
The girl at Central listened to
All they had to say.

"Hello," she heard the Kaiser say,
"Is old man Satan home?
Just tell him it is Kaiser Bill
That wants him on the phone."

The Devil said "Hello" to Bill,
And Bill said, "How are you?
I'm running a hell on earth,
So tell me what to do."

"What can I do?" the Devil said,
"My dear old Kaiser Bill;
If there's a thing that I can do
To help you, I sure will."

The Kaiser said, "Now listen
And I will try to tell
The way that I am running
On earth a modern hell."

"I've saved for this for many year,
And I've started out to kill;
That it will be a modern job
You leave to Kaiser Bill."

"My army went through Belgium,
Shooting women and children
down;
We tore up all her country
And blew up all her towns."

"My Zeps dropped bombs on cities
Killing both the old and young,
And those the Zeppelins didn't get
Were taken out and hung."

"I started out for Paris
With the aid of poisonous gas;
The Belgians, darn them, stopped
us."

"And would not let us pass.
"My submarines are devils;
Way you should see them fight!
They go sneaking thru the sea
And will sink a ship on sight."

"I was running things to suit me
Till a year or so ago,
When a man called Woodrow
Wilson
Wrote me to go more slow."

"He says to me, 'Dear William,
We don't want to make you
sore,
So be sure to tell your U boats
Not to sink our ships any more."

"We have told you for the last
time,
So, dear Bill, it's up to you,
And if you do not stop it
You have to fight us, too."

"I did not listen to him
And he's coming after me
With a million Yankee soldiers
From their homes across the sea."

"Now, that's why I called you,
Satan,
For I want advice from you,
I know that you would tell me
Just what I had ought to do."

"My dear old Kaiser William,
There's not much for me to tell,
For the Yanks will make it hotter
Than I can for you in hell."

"I've been a mean old devil,
But not half as mean as you,
And the minute that you get here
I will give my job to you."

"I'll be ready for your coming

CLEAN UP PAINT AND KEEP IT UP

A "Clean-up" without a "Paint-up" is useless and
absurd, not only because houses that are unpainted eye-

up, but because the painted surface inside and outside
can be kept clean, sanitary and germ proof.

And meet me here in hell."

Food Administration

The Government has set a price
on wool as follows: The same
price will be paid for the 1918
clip that was paid for 1917 during
the month of July (1917). But the
Government requests that the
producer will hold his wool
for thirty days before putting it
on the market. This will not
mean any change in price, but
will give time for market prob-
lems to be worked out.

The wholesaler will sell binder
twine at not more than 23 cents
per pound and the retailer will
not add more than 2 cents per
pound (and his freight) to this
price.

Merchants can sell 25 pounds
of sugar to an individual at one
sale by having the purchaser sign
a certificate that the sugar is to
be used to put up fruit, but these
certificates must be in regular
form and can be secured from the
Signal office—if wholesalers have
not sent them to the retailer.

The Food Administration is ap-
pealing to all patriotic citizens
who are financially able to secure
sufficient substitutes to refrain
from the use of all wheat prod-
uct until the flour from the
growing crop comes in, and they
have ruled that none shall use
more than six pounds of flour per
month to the individual in the
family. The daily and local papers

have carried certificates which are
to be signed and mailed to the
County Food Administrator.
These certify your loyalty to the
Government in this matter. A
will have to be made later
number of these signed in
the county. I have re-
ceived ONE so far.

WAYSIDE NOTES

Daily mail is now carried by airplanes between Washington and New York with Philadelphia as one of the stop stations. Postage 24 cents an ounce.

The church building on South Main erected by the Presbyterians in 1857, now occupied by the Winchester Sun printing office has been purchased by the Methodists which organization will dismantle the old building and erect a new one on the site.

Seven troop trains passed thru Winchester Sunday morning from Ohio to a southern camp.

Everybody, including "father," must work. Chief of Police has issued warning notice to the effect that all Winchester citizens who are able to do so must get busy after a certain date or suffer a penalty. One's wealth does not excuse him. He must do his bit like the others.

A bundle of blue grass is on exhibition in Winchester Citizens bank which measures 43 inches in height.

The Blue Grass newspapers are highly complimenting Rockcastle and the mountain counties for their patriotism shown in the Red Cross drive, in addition to the splendid outcome of Liberty bond subscriptions, thrift and war savings stamps.

Winchester has more newsboys to the square inch than any city of its population in Kentucky and they sell more and a greater variety of papers. Everybody here reads.

Katherine Stinson who made the record flight in an airplane last week from Chicago to Birmingham, N. Y., a distance of 783 miles without a stop, is a girl of not yet 21 years of age. She has a school of aviation at San Antonio, Texas which the writer visited in January 1917. Miss Stinson has made flights in other countries including Japan where the Emperor decorated her and gave prizes to the value of \$5000.

A farmer has this sign stuck up in front of his premises:

"Notice: No trespassing on the place under penalty of 2 mongrel dogs that sit over sashel with strangers and a double barrel shot gun that ain't loaded with soft pilows. I'm gettin tired of all this belrazen on my place."

Expressions of surprise at the number of so-called "close" or "stingy" inclined people who have subscribed liberally to the Red Cross fund are heard on many sides. Well when the matter is driven home with a plain understanding of the situation and conditions existing now existing it must surely be a sorry slacker, a pacifist or a pro-Hun who would not go his limit in this great cause. There are numbers yet who will come across when they get a better understanding. One of these points is that the time will come when anyone is found who has failed or refused to subscribe will be pointed out with the finger of scorn and ostracized. Children and older ones will remark: "There goes a slacker he refused to aid our boys 'over there' when aid was mostly needed." How would you like to be a slacker? Can you afford it.

The greatest fleet of airplanes ever assembled was in an attack on German lines a few days since. There were 40 bombing planes 150 battle planes gathered in the sky at an appointed hour, they fell into their places in perfect formation, and all working in complete unison this enormous fleet. They gathered in the sky like bees gathering at a hive. Big damage was done to the Huns. The allied fleet defied the enemy to attack, but the enemy declined to accept the challenge.

I have always said it and will stick to it, Rockcastle never does things by balance. It is the whole hog and some added when she wakes up to a proposition. It was an inspiring sight, that long list of contributors to the Red Cross that appeared in last week's Signal. It was neatly and appropriately said, that which the editor offered to the report of the work: "To pay special tribute to any particular one in the successful drive would be very much out of place, since it has been the pride of everyone to see it go 'over the top' and many have been the untiring workers." Patriotic to the core.

That "clock face" and hand in Peoples Bank window, the handiwork of Pinkerton the printer man, was quite a hit. It kept folks posted before and after the R. C. drive went "over the top." That lone hand was still inching along when the writer was "home" Saturday last.

A. H. Hamlin was in Jackson county this week looking up oil interests for the Shafer Company, one of the larger corporations.

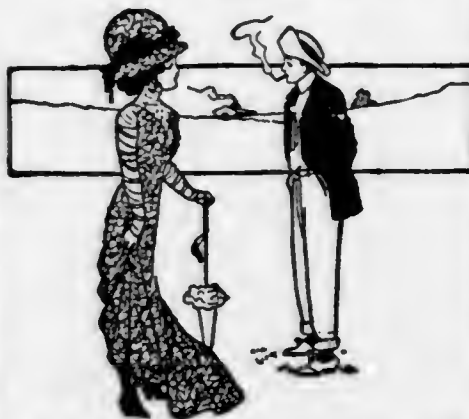

DO IT NOW.

The Committee finds the Boone Way Pioneer Fund, for the purchasing of an automobile for the Boone Way Man, lacks \$147.71 for the getting of the machine. It is desired to raise this amount within the next two weeks so as to give the old road pusher opportunity to ride over some of the roads that he has been the cause of building as well as for his use in the work he is following on the highways in various counties. It is not meant for a "joy wagon", but for practical purposes. It is unfair to stand by and see the old fellow do the walking day after day while some of us fly over his roads in our "tin lizzies" and automobiles.

We ask his Rockcastle friends to come to the aid of the fund. All good roads people of the county should feel it a privilege, a duty and a pleasure to contribute something to the cause. Let us show some appreciation for the great work that has been accomplished by this man and fellow citizen, for the benefit of our people. Many from beyond our borders have contributed. Bring or send your subscription to the Treasurer, or to the Boone Way Pioneer Fund, Peoples Bank, Mt. Vernon.

W. H. Fish, Treasurer.

WAR TALKS

By UNCLE DAN

Number Six

Billie and Jimmie Will Take Military Training.

"I am mighty sorry, Uncle Dan, that this is your last night with us. Can't you stay longer? We boys are having a peach of a time," said Billie.

"Well, if you get more out of it in the way of pleasure than I," said Uncle Dan, "you are going some."

"Billie, I have been talking seriously with your father and mother about sending you to a military academy and they asked me to talk with you about it."

"Whoopee!" Billie screamed, like a wild Indian.

"Now, hold your horses," said Uncle Dan, "and listen to me. You know I sent my boy, Howard, to one of these schools for a year when he was about your age. He was narrow chested, stoop shouldered, rather loose jointed; he had the big head and needed discipline and physical development. He was growing fast and I wanted him to be strong physically."

"Say, Uncle Dan," said Billie, "I believe your description of Howard fits me pretty well, eh?"

"Well," said Uncle Dan, "to be frank I think it does; you need the something. Howard did not like it at first. I am told for a few weeks he had 'rough sledding,' but after he found that the only way was to obey orders, he caught the spirit of the institution and liked it. We did not see him for about six months, then he came home for a few days. We were astonished at his appearance. He had gained about 25 pounds in weight, his muscles were as hard as nails, he stood as straight as an arrow, he was courteous, consider-

ate and manly. His awkwardness had disappeared. The change was wonderful and it was all to the good. Here is a photograph showing 'before and after taking,' and I am sure no patent medicine advertisement could beat it.

"Well, mother and I were delighted. That was ten years ago, and Howard says the year he spent at the military academy was the best year of his life."

"Now," said Uncle Dan, "with great earnestness, 'when such training does so much good, makes better citizens and at the same time fits a man to defend his country, why should not Uncle Sam furnish this training at the government's expense? The government has the right to call anyone to serve in case of war, and without training, a man is worth nothing as a soldier. Uncle Sam has splendid new training camps that will soon be available for the purpose, therefore, here is doubt reason why the Chamberlain bill for compulsory military training should be passed at once, so that every boy physically fit may have this training and not leave it for his parents to pay for. On account of the expense, not one boy in 50 can take the training now. I am glad that you can do so. These big crops and big prices, I find, make the farmers rather 'cocky,' and that the best is demanded by them."

Billie was up with the lark the next morning, more excited and enthusiastic than ever. He had a plan. He knew Jimmie owned a colt worth \$100; he would make almost \$100 on his potatoes if they turned out well and that he had from his previous savings, bought a \$100 Liberty bond. Billie's plan was to have Jimmie cash in and go with him. He was disappointed to find that Jimmie would still lack about \$300 of having enough to see him through. His lip quivering, he said: "I'm mighty sorry to leave Jimmie."

Uncle Dan was silent a moment or two, then he asked Billie to go down to the orchard and get him some apples to eat on the train. While he was gone, it was arranged that Uncle Dan and Mr. and Mrs. Graham would advance the money necessary so that Jimmie could go. When Billie returned he was told about it. He ran to the phone and called Jimmie, saying: "Come on over, run just as fast as you can, I've got the greatest news you ever heard of."

DO YOU ENJOY LIFE?

A man in good physical condition is almost certain to enjoy life, while the bilious and dyspeptic are despondent, do not enjoy their meals and feel miserable a good share of the time. This ill feeling is nearly always unnecessary. A few doses of Chamberlain's Tablets to tone up the stomach, improve the digestion and regulate the bowels is all that is needed. Try it.

HOLD THE BATTLE LINE IN FRANCE

Feed the American Army—Save the Wheat Flour

THE PATRIOTIC PLEDGE

Ky., 1918.

I have a family of _____ persons living at my home. I have on hand _____ pounds of wheat flour. I agree that in my home we will not use more than six pounds of wheat products in thirty days for each person, including flour, crackers, Victory bread, macaroni, etc., until the next harvest comes in August. I agree to hold at my home all wheat flour which I have on hand over a thirty days' supply for my family on the ration of six pounds per month per person, and to dispose of such surplus as the United States Food Administration may direct in the interest of National Safety. If my surplus flour is given to the Government, I am to be paid what it cost me.

I make and sign this pledge as an American citizen to aid in the winning of the war.

P. O. Address _____

Cut out the above pledge. Fill in the blanks. Sign your name and address and mail to your County Food Administrator at once.

Wheat! Wheat! Wheat!!! This is the great national necessity at the present time. It is needed for the immense armies we are sending abroad at the present time. It is needed for the Allied armies who are so gloriously holding the Battle Line in Western France until the Americans can get "on the job" and drive the German Hordes back across the Rhine.

It is wheat flour that is so badly needed for bread stuffs over there. It is wheat flour that the American Government must have and our American Patriots at home must provide it by savings in the homes. There is no other source of supply until the next harvest. Thus duty calls us to our part in the war.

Knowing that all loyal citizens are glad and willing to conform their households to the six pound ration until the new harvest, but knowing also that we have some among us who are disloyal and pro-German and perhaps not averse to seeing sacrificed the splendid brave youth of the nation who are going from our homes to fight for our freedom, the Government is protecting our loyal citizens against those disloyal in meeting this call for the saving of wheat flour. There is on the Statute Books a law against hoarding under which those who hold an unreasonable amount of flour are being prosecuted by the Department of Justice in the Federal Courts. The penalty for convicted hoarders is a fine not to exceed \$5,000, and imprisonment not to exceed two years, or both.

The Food Administration has determined the amount of wheat that is available from now until harvest for the American people. It has determined that a reasonable use must not exceed six pounds per month per person and has stated that it is unreasonable in this emergency to have on hand more than a thirty days' supply on this ration for our householders.

Any person who has on hand more than this amount is liable to prosecution as a hoarder of flour under the law on orders from the Food Administration. The procedure is by indictment in the Federal Court.

Recognizing, however, that many patriotic persons, following practices formerly considered legitimate and usual, have laid in larger quantities of flour than in this time of National Emergency is considered reasonable and right, and that many of these persons acted in so doing from proper motives, the Food Administration in the interest of fairness and justice, now offers to those citizens who have thus acted in good faith, the opportunity of showing their patriotism and insuring themselves against the notoriety and penalties that would result from prosecution.

No person in Kentucky, therefore, who makes and files with their County Food Administrator the statement disclosed in the Pledge at the head of this article and holds his surplus flour for the Government, agreeing to turn it over if it is needed, will be prosecuted by the Government for hoarding flour.

The Food Administration will not call for your surplus unless it is necessary, and when it does call, will leave you your thirty days' supply, but it must now where the flour is and it must have your promise to turn it over as a measure of National Safety.

In some Kentucky counties, owing to shortage of supply, it has already been found necessary to direct that excess hoardings be marketed, but it is only in cases of emergency that such action is contemplated.

When this call comes to you think of the needs of our soldiers, the brave boys who fight our battle for freedom, for the safety of our homes from the menace of the Huns. Don't let anyone say you are a slacker because you have not offered your surplus to the Government in time of need. Every pound of flour now counts in this time of trouble. Remember also that the influence of your offer on other citizens not so patriotically inclined, may save the lives of many brave boys from their own home towns. Make your sacrifice for them and inscribe your name in this pledge on your Country's Roll of Honor!

FRED M. SACKETT,
Federal Food Administrator for Kentucky.

May 17th, 1918.

Canada Reduces Wheat Consumption.
Home consumption of wheat in Canada is now being reduced about 50 per cent to make possible an increase in wheat exports.

Be More Efficient Than the Enemy.

"The only way to win the war," Progressive Farmer believes, "is for us to be more efficient than the enemy. If he has a soldier is efficient, ours must be made more efficient. . . . If he German farmer is efficient in feeding and clothing the German army, the American farmer must prove himself more efficient."

—Save Food.—

U. S. Cornmeal Output Doubled.

A canvass of the whole country by the Food Administration shows that the actual milling output of cornmeal increased from 3,600,000 barrels in October to nearly 6,000,000 barrels for March. During the past 18 months the output of corn flour has increased 40 per cent.

—Save Food.—

No Sacrifice, Just a Change.

The program of food conservation in the United States leads Missouri Ruralist to say: "We Americans have not yet been asked for any real sacrifice. Our meatless day and wheatless meals are merely a matter of changing the bill-of-fare, substituting one food for another and are nothing compared with the rationing imposed on the English people and the voluntary rationing asked of the Canadians."

Says the Idaho Farmer: "The bread ration of the allied soldiers now facing the fearful onslaughts of German guns and gas has been reduced. Why? Because they haven't enough to go around. They haven't enough wheat to make their war bread out of. What are we going to do about it?"

—Save Food.—

"It is the War."

In France fifty per cent of the total energy of the people is said to go into military effort. Hardships, hunger, sorrow—all suffering is excused with the explanation, "It is the war." This is the kind of spirit needed in every American home.

—Save Food.—

Put Every Acre to Work.

In an editorial reviewing handicaps and hardships of the past, Michigan Business Farming has this to say about the future: "The time for finding fault with things, which for reasons perhaps more cogent than we can realize can not be changed for the time being at least, has passed. Now the time for planning is near and the farmer must soon decide upon his acreage, let us have done with fruitless complaining, put our hands to the plow and do OUR part in winning the war. . . . Never let it be said that a soldier suffering hunger or that a child in far-off Belgium died from starvation because you failed in this great hour of need to grow the mite of food which might have nourished them."

The Safest Place for Your Money

The paper money of the United States is a promise to pay. It is the agreement of the United States to "pay to bearer" a certain sum. W. S. S. are also a promise to pay.

War Savings Stamps Are as Good as Money and Pay You 4% Compounded Quarterly

Both the money and the stamps are guaranteed by the richest nation in the world.

Suppose we were to lose the war? What good would money be?

None at all. It would be a mere memento of the past. And if we bought our freedom back, by indemnity, it would be at a price so colossal as to wipe out our savings and mortgage our earnings for generations.

The safest place for all your money is in War Savings Stamps, because the money saved and raised by War Savings Stamps will win the war, and thus insure the preservation and solvency of our Government and the safety of our homes and families forever.

Mrs. Esmer Hayes died Sunday morning at the home of her mother, Mrs. Theo. Parsons near Buckley. Mrs. Hayes has been suffering from tuberculosis for only a few months altho her death was unexpected, so soon. She leaves a devoted young husband and little baby besides a mother and several brothers and sisters. Her remains were laid to rest near the home Monday.

In our rush during the Three Liberty Loan and Red Cross Drives we failed to mention the marriage of Miss Mattie Butler to Mr. William McHargue. The bride is an excellent young lady and a daughter of Mrs. Sue Butler, of Pine Hill, while Mr. McHargue is a prosperous farmer of that section and one of the counties best citizens. We trust it is still not too late for congratulations.

Patriotic services were held at the Christian Church last evening at which time a service flag, showing twenty four members and attendants of that church now in the service Mrs. Mary Williams who has four grand sons in the service, presented the flag. Short talks by Rev. Young, Dr. Moore, of the Presbyterian church, Dr. A. G. Levell, Atty. C. C. Williams and Mrs. H. McFerron together with the patriotic music arranged for the occasion, and the several earnest prayers offered, made it a meeting such as the times demand. Similar meetings were held at Brodhead and Livingston.

Will Cummins, the oldest son of Mr. and Mrs. Mat Cummins was killed in the mines, at Twila, Harlan county, Tuesday. He was loading coal and had finished his cars and was dropping them out on the main entry. It is a rather heavy grade leading out of the room in which he worked and when he went to apply his brakes, lost his balance, fell to one side and was caught between the timbers and cars. His right leg was so badly mangled that amputation was necessary. He was removed to Harlan, twelve miles, where the operation was performed. He revived from the anaesthetic but lived only a few hours. The accident occurred 8:30 in the morning and he died at 2 o'clock in the afternoon. The remains were brought to Mt. Vernon for burial and laid to rest in the Ramsey burying ground yesterday. A wife and baby, father and mother, two brothers and one sister survive, who have the sympathy of all, in the loss of this devoted husband, father, son and brother.

MASS MEETING RED CROSS NOTES.

At the court house Tuesday morning at 10 o'clock a mass meeting in the interest of the War Savings Stamps will be held.

The purpose of the meeting will be to organize the work in this county and to bring the importance of this issue before the citizens.

To the present time there has been little done along these lines here and the committee in charge will take up the work vigorously, calling to their assistance a big corps of helpers.

Everybody is urged to be present. Each firm, each merchant in town is requested to have a representative on hand. All ministers of the city are asked to lend their help to this patriotic move and aid as much as possible with this work. They are especially asked to be at the meeting Tuesday morning.

W. H. Fish and Miss Lou Phillips, Chairman for Rockcastle County, will have present for this meeting. Mr. Hutton, of Harrodsburg, who has been appointed District Supervisor for this section. Mr. Hutton is a splendid speaker and he will have a vital message to impart.

Let every man and woman be on hand and give their countenance and assistance to this patriotic movement.

THEY GO TOGETHER.

Perhaps it was accidental and perhaps it was intentional that the sum which the Government asks shall be raised through War Savings Stamps should be exactly the same sum which it is expected will be spent during the year on our ship building program.

It is most appropriate, therefore, that the War Savings campaign fund should be the same as the funds needed to carry out the ship building program. Buy Thrift and War Savings Stamps and contribute your rivets to Uncle Sam's fleet of merchant ships.

June 28th is National War Savings Day. On that day at 2 p.m. there will be a meeting held in every school house in every county in Kentucky and every man and woman will not only be asked but requested by the U. S. Government to be on hand at their school house at this appointed time and pledge themselves to buy all the War Savings Stamps they possibly can during the remainder of this year. There are lots of men and women in this county who will be expected to pledge themselves to buy as much as \$1,000 in War Savings Stamps, still more in the \$500 class, and most any farmer nowadays can easily lend our own U S Government \$100 for four and one half years at 4 per cent compound interest. Uncle Sam keeps a line on us all and he gets a yellow card about July 1st, showing who failed to attend these meetings and then you can explain why you were not there.

By an oversight the office force of the Second Red Cross War Fund campaign sent a second letter to Mr. J. W. Tate, of Brodhead, who has payed his allotment without a murmur. Mr. Tate has also bought Liberty Bonds and Thrift Stamps. We wish to apologize to him for this mistake, but also wish to say that had the Treasurer of the Brodhead branch reported their work promptly that information would have enabled us to check our list and avoided any such mistakes.

RED CROSS NOTES.

The second Red Cross War Fund campaign is closed, and we look back on it with a feeling, that this campaign will be remembered as one of the most gratifying Epochs, of the lives of its promoters.

There were several instances in the campaign that demonstrate the Morale of the American People.

When the boy gave his two marbles to be sold at the Mt. Vernon sale, and the Livingston boy subscribed four cents, this being all he had, when a young man at Brindle Ridge church gave his last twenty-five cents, and a Mt. Vernen restaurant man gave a twelve-dollar hog at the sale, and then went over his allotment by giving fifty dollars to the campaign fund. We know that our people were in this Work of Mercy, heart and soul, and will stand back of our BOYS IN KHAKI to the last ditch.

The spirit of the Red Cross will be put on at the Boone Way theatre, Monday night June 3rd. This is an official war picture machine at the front in France and will bring actual war and Red Cross work to us on the screen. It will be shown in connection

with a 5 reel patriotic show named "Miss U. S. A." Half the proceeds go to the Local Chapter of the Red Cross.

One of the most liberal contributors to the Red Cross fund was our good friend Gus Staver-son, who gave a Jennet, which only sold for \$55.00, but that was nothing like the real worth of the animal. Less than a year ago he was offered \$150 for her. She was sold at the Red Cross sale held here three weeks ago

We call your attention to the patriotic pledge found on second page. It is important that you give this your attention.

ABOUT RHEUMATISM.]
Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that there is a remedy that will afford relief, and make rest and sleep possible. It is called Chamberlain's Liniment.

The PERUNA Family

has three members you should know if you desire to enjoy life.

1. The popular liquid form of Peruna—the reliable tonic of the American household, with a long history of success in treating all catarrhal difficulties.
2. The tablet form, which is made after the same formula and is more convenient for many purposes.
3. Manalin, the ideal laxative, by the regular use of which constipation may be overcome and natural action restored. Manalin has no habit forming drug, but is an aid to nature. Your druggist has all three. So many thousands have received benefit from the use of one or both these remedies that they are a recognized part of the equipment of every careful household.

THE PERUNA COMPANY Columbus, Ohio

The Farmer's Share

Live stock is marketed from farmer to consumer at a lower cost than almost any other farm product.

The United States Department of agriculture reported in 1916 that the farmer gets for his cattle "approximately two-thirds to three-fourths" of the final retail price paid by the consumer for the resulting beef.

Under normal conditions, the farmer's share of retail prices of various farm products is approximately as follows:

Butter	71 per cent
CATTLE	66 2/3 to 75 per cent
Eggs	65 per cent
Potatoes	55 per cent
Poultry	45 per cent
Fruits	35 per cent

The difference between farmer's price and retail price represents the necessary expenses of packing, freight and wholesale and retail distribution.

Swift & Company not only performs the manufacturing operations of preparing cattle for market in its well-equipped packing plants, but it pays the freight on meat to all parts of the United States, operates 500 branch distributing houses, and in most cases even delivers to the retail butcher. All this is done at an expense of less than 2 cents per pound, and at a profit of only about 1/4 of a cent per pound of beef.

Large volume of business and expert management, make possible this indispensable service to the live-stock raiser and to the consumer, and make possible the larger proportion of retail prices received by farmers.

COUNCIL OF NATIONAL DEFENSE

The watchwords of economy and sacrifice go together during these changed times. People economize to sacrifice money and pleasure. To sacrifice we must give up something that we need, something that it is inconvenient to do without, but our people who stay at home have not been called on as yet to sacrifice. To develop our full fighting strength it will soon be a sacrifice to many.

The Red Cross campaign just closed would have been a sacrifice many had it not been so well distributed over this country. The gratuitous allotment brought the whole people in to help and in this way our quota was doubled. We must all help that none may be impoverished, and that none may accumulate wealth at the expense of others and from the proceeds of war. The howl of the slacker has been heard and the check of the assessors books made it possible to locate any money slacker in the county, and this form of slacking must not be tolerated. If your neighbor whose financial condition would justify contribution says he will not give, watch him; advertise the fact; let it be known. If we have any who will in no way help in this war except to help himself to every available dollar he can get, there will be an organized boycott of such men and the voice of a guilty conscience will bring many in the next campaign, which will be to sell War Savings Stamps; so you fellows who have not received a Red Cross receipt get your money or excuses ready, for the Thrift Stamp will be looking you in the face during next month. This little stamp is honest; will work for you; earn you money; clear your conscience and help whip the Huns.

CAUSE OF HEADACHE.
By knowing the cause, a disease may often be avoided. This is particularly true of headache. The most common cause of headache is a disordered stomach or constipation, which may be corrected by taking a few doses of Chamberlain's Tablets. Try it. Many others have obtained permanent relief by taking these Tablets. They are easy to take and mild and gentle in effect.

Helps Sick Women

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, and the pains were very severe. A friend told me I had tried everything else, why not Cardui? ... I did, and soon saw it was helping me. ... After 12 bottles, I am strong and well."

TAKE CARDUI

The Woman's Tonic

Do you feel weak, dizzy, worn-out? Is your lack of good health caused from any of the complaints so common to women? Then why not give Cardui a trial? It should surely do for you what it has done for so many thousands of other women who suffered—it should help you back to health.

Ask some lady friend who has taken Cardui. She will tell you how it helped her. Try Cardui.

THE NAME BEHIND THE TIRE

G & J TIRES

"I wouldn't swap my G & J Tires for any tires made. Why? Because THE NAME BEHIND THE TIRE G & J means that I can have absolute confidence in the G & J Tires. They are the product of old experienced tire makers who stand back of every tire they put out. The tires ride easily; are not apt to puncture; protect you from skidding and all in all to my mind are the best tires to use." This is only one of many hundreds of users' opinions. You can have the same satisfaction if your car be fitted with
